

PROGRAM DESCRIPTION

The Building Blocks for Better Neighborhoods Program is a community development program designed to improve deteriorating residential neighborhoods, “One Block at a Time.”

The program brings a broad range of County resources to selected block areas and works with the community to tailor and structure services that address community concerns in the unincorporated communities of San Diego County. It accomplishes this by encouraging dialog and partnerships with residents to identify needs.

PROGRAM BENEFITS

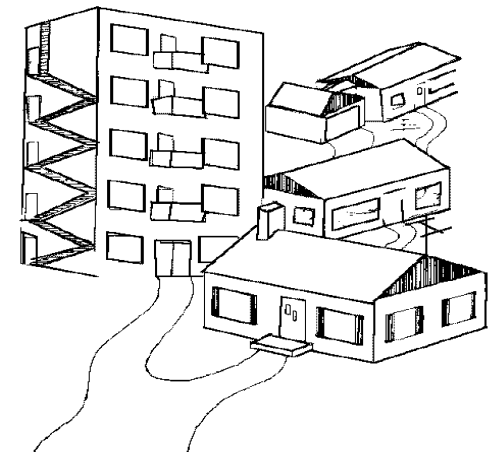

The Building Blocks for Better Neighborhood Program benefits San Diego County residents by:
